CLIENT ADMISSION REPORT INSTRUCTIONS (PAS-44N)
FOR ADMISSIONS DATED 4/1/2009 AND BEYOND**

PROVIDER IDENTIFICATION NUMBER

Enter the five digit provider number assigned by OASAS that identifies the treatment service provider.

PROGRAM NUMBER

Enter the five digit number assigned by OASAS which identifies the PRU (Program Reporting Unit) the client is being admitted to.

CLIENT ID INFORMATION

PROVIDER CLIENT ID NUMBER

The client identification number selected by the program may contain a maximum of 10 alpha-numeric digits. The number may be entered using any of the available 10 spaces.

Except for methadone patients, the identification number is assigned by the program to insure that each client entering the program has an unduplicated client identification number. The client number assigned at the time of first admission must be used for every subsequent admission to this PRU or provider and should never be reassigned to another client. Do not use the client's social security number as the client ID number.

For all methadone patients, the identification number assigned by the Methadone Central Registry must be used. The identical patient number assigned at the time of first admission to any methadone program (PRU) must be used for every subsequent admission and cannot be assigned to another patient.

SPECIAL PROJECT CODE

This item should be left blank unless a code has been approved and issued by OASAS for a special project in which the program is participating.

SEX

Enter **Male or Female**. **If the client is transsexual, use the gender that best reflects the manner in which the client is being treated by the program.**

BIRTH DATE

Enter two digits each for the month and day and four digits for the year of birth (e.g., March 8, 1948 would be 03/08/1948).

LAST FOUR DIGITS OF SOCIAL SECURITY NUMBER

Enter the last four digits of the **client's** social security number (SSN), as assigned by the Social Security Administration. In the event that the client does not have a SSN, enter 0000. If another person is providing insurance coverage, be sure to use the client's SSN, not the SSN of the insured. Please be sure that the numbers are entered in the correct order. These numbers are critical to OASAS' ability to track clients as they move through the treatment system.

FIRST TWO LETTERS OF LAST NAME AT BIRTH

Enter the first two letters of the client's last/**birth name** (Smith = SM, O'Brien = OB). For clients who have changed their last name, use their BIRTH name (e.g., Maiden Name).

NYS Office of Alcoholism and Substance Abuse Services
CLIENT ADMISSION REPORT INSTRUCTIONS (PAS-44N)
FOR ADMISSIONS DATED 4/1/2009 AND BEYOND

FIRST TWO LETTERS OF LAST NAME CURRENT

Enter the first two letters of the client's current last name (Smith = SM, O'Brien = OB). Having both the first two letters of the client's last name at birth and the first two letters of the client's current last name (if different) will increase OASAS' ability to correctly track the client as he/she moves through the treatment system.

ADMISSION DATE

For **ambulatory programs**, the Admission Date is the date of the first treatment or clinical service following the decision to admit the client. This may be the first counseling session, a medical visit or a visit to collect information for the comprehensive evaluation. It **is not** the day the admission decision is made unless the client receives a treatment service on the same day that the admission decision is made. For example, if a program completes an assessment on March 1st, makes the decision to admit the client in a case conference on March 3rd and the client shows up for his/her first group counseling session on March 6th, the admission date is March 6th. For purposes of reporting, a client may not be admitted more than once in a calendar day.

For **residential/inpatient programs**, the Admission Date is the date of the first overnight stay (i.e., the date that the client first sleeps in a program bed) following at least a preliminary determination that the individual appears to be in need of residential/inpatient chemical dependence services. In most cases, the determination is made that the individual is appropriate for this level of care prior to an overnight stay. In some cases, this decision is made on the same day of the overnight stay. In relatively rare circumstances, the individual may receive a preliminary determination, stay overnight, with the level of care determination completed the next day.

Example 1: An individual arrives at an inpatient program for a scheduled interview on March 1st and a level of care determination is completed on that date. The intake counselor meets with the admission team on March 4th to make his/her recommendations. The team agrees to admit the individual who is contacted and told to come the next day to be admitted. The individual arrives on March 5th, receives orientation and is assigned to a bed. The program enters March 5th as the Admission Date on the PAS-44N.

Example 2: An individual arrives at a community residence late in the day of March 1st. A staff member briefly interviews the individual and determines that he/she appears appropriate for admission. The individual has dinner and is assigned to a bed. The next day, March 2nd, a complete level of care determination is made and the individual is confirmed to be appropriate for admission. The program enters March 1st as the Admission Date on the PAS-44N.

CDS Changes resulting from DRUG LAW REFORM (DLR)

Discussions with New York State criminal justice agencies following the passing of Drug Law Reform (DLR) have made it necessary for OASAS to make changes in the CDS. Commencing on October 7, 2009, programs assessing clients referred from the New York State criminal justice system will be receiving a signed consent form (TRS-49) from the referring criminal justice entity. This consent form will contain a New York State ID (NYSID) assigned by the Division of Criminal Justice Services (DCJS) and the date that the consent was initiated. This consent permits OASAS to share client data with the criminal justice agencies identified on the consent form in compliance with federal confidentiality requirements (42 CFR). In addition, the TRS-49 permits

**NYS Office of Alcoholism and Substance Abuse Services
CLIENT ADMISSION REPORT INSTRUCTIONS (PAS-44N)
FOR ADMISSIONS DATED 4/1/2009 AND BEYOND**

communication concerning the client between and among the treatment program and the referring criminal justice entity. The consent form is to be used for all clients who agree to enter treatment as an alternative to incarceration or as a condition of supervision or release from custody.

Programs should require the referring criminal justice entity to fax a copy of the signed consent form when an assessment session is requested. If the decision is made to admit the client, the NYSID and the consent date must be entered into the PAS-44N. If at this time, the program has not yet received a copy of the signed consent form, staff should contact the referring criminal justice entity and request that the information be provided electronically (i.e., fax or e-mail) or by telephone. If the information is obtained by telephone, a note indicating such should be entered into the client record. A copy of the TRS-49 must ultimately be received and placed in the client record. Programs experiencing difficulty in obtaining copies of the signed consent form from referring criminal justice entities, should inform their local OASAS Field Office.

If, at anytime in the future, a client informs the program that he/she wishes to revoke their consent, the program is required to edit the PAS-44N and enter the date of consent revocation. It is not anticipated that this will be a common occurrence.

New York State parole and probation agencies, district attorneys and the court system will be using the consent form for all substance abuse treatment referrals on and after October 7, 2009. However, not all referrals from criminal justice system entities will require TRS-49 Consent Forms (and thus not require entry of the NYSID or Date of Consent). If, for example, a client is referred by a federal criminal justice agency, a TRS-49 consent form is not required.

NYSID

The New York State ID (NYSID) is a nine alpha/numeric field consisting of 8 digits and a capital letter and is located on the top, left hand side of the consent form. It is assigned to persons by DCJS and is linked to fingerprints. The NYSID is permanently assigned to an individual. The NYSID will be obtained from the signed TRS-49 Consent Form and must be entered into the PAS-44N for every client admitted for whom the program received a TRS-49. If for some reason, this information is not yet available when the client's PAS-44N is created, the program should edit the form and enter the data when the information is obtained. This information is crucial to OASAS' ability to work with NYS criminal justice agencies and comply with DLR requirements to evaluate the effectiveness of this initiative. There are edit checks built into the PAS-44N that determine if the NYSID entered into the system meets basic NYSID logic requirements. If the CDS rejects the NYSID entered, contact the referring criminal justice entity to obtain the correct NYSID.

CJ Consent Date

The CJ Consent Date is the date that the client signed the CJ Consent Form (TRS-49). It is found on the bottom, left hand side of the form. The date must be prior to the date of admission (but not more than 180 days prior) and after the client's date of

NYS Office of Alcoholism and Substance Abuse Services
CLIENT ADMISSION REPORT INSTRUCTIONS (PAS-44N)
FOR ADMISSIONS DATED 4/1/2009 AND BEYOND

birth.

CJ Consent Revocation Date

There are only two conditions for which a client is permitted to revoke their CJ Consent (TRS-49):

1. They have been arrested following the date of consent.
2. They are no longer under the authority of the referring CJ entity (e.g., court, Parole, Probation, District Attorney).

If either of these conditions are not met, you cannot enter a Revoke Date.

In the unlikely event that, after the client is admitted and the PAS-44N has been submitted to OASAS, the client informs the program that he/she is choosing to revoke the consent granted on the CJ Consent Form (TRS-49), and they meet at least one of the above conditions, programs must go in and edit the submitted PAS-44N. The only change required is the entering of the revocation date into the CJ Consent Revocation Date field.

NUMBER OF ASSESSMENT VISITS OR DAYS

Enter the actual number of visits or days spent conducting an assessment prior to treatment. For ambulatory programs there is a maximum of three (3) visits, for inpatient programs a maximum of one (1) day, and for residential programs a maximum of one (1) day.

An **assessment visit** is a visit to an ambulatory program occurring prior to, or on the same day as, (1) an admission for treatment services, (2) referral to another provider for chemical dependency treatment, or (3) another disposition or termination of the assessment process.

An **assessment day**, for an inpatient/residential program, is any day, or part of a day, spent by an individual as an inpatient or resident being assessed to determine his/her need for inpatient or residential treatment, prior to actually receiving treatment services.

If no assessment visits or assessment days were provided, enter "0."

SIGNIFICANT OTHER

Enter one of the following:

Yes The client is being admitted as a Significant Other; not for treatment of their own alcohol or substance abuse problems.

No The client is being admitted for treatment of their own alcohol or substance abuse problems, not as a Significant Other.

*"Significant Other" means an individual who is related to, a close friend of, associated with, or directly affected by, a chemically dependent person. Chemical dependence treatment should include services to the significant others of those who are chemically dependent or abusing, in recognition that addiction has a significant negative impact on such individuals. Significant Others may be admitted to the chemical dependence service as individuals, regardless of whether the addicted person is in treatment, or the Significant Other may be treated as part of a family. **If a person is experiencing problems with alcohol or substances requiring treatment, they should not be admitted as a Significant Other.***

**NYS Office of Alcoholism and Substance Abuse Services
CLIENT ADMISSION REPORT INSTRUCTIONS (PAS-44N)
FOR ADMISSIONS DATED 4/1/2009 AND BEYOND**

By regulation, Chemical Dependence Outpatient programs (Part 822) and Outpatient Chemical Dependency Services for Youth programs (OCDY) (Part 823) are permitted to admit Significant Others for treatment services.

DEMOGRAPHICS

RACE

Based on staff observation and/or client self-identification, enter the appropriate race. If the client is racially mixed, enter the race with which he/she identifies.

Alaska Native (Aleut, Eskimo, Indian)

A person having origins in any of the native people of Alaska.

American Indian (Other than Alaska Native)

A person having origins in any of the original peoples of North America and South America (including Central America) and who maintains cultural identification through tribal affiliation or community attachment.

Asian

A person having origins in any of the original people of the Far East, Indian Subcontinent, Southeast Asia, including Cambodia, China, India, Japan, Korea, Malaysia, Philippine Islands, Thailand and Vietnam.

Black or African American

A person having origins in any of the black racial groups of Africa.

Native Hawaiian or Other Pacific Islander

A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White

A Caucasian person having origins in any of the people of Europe (including Portugal), North Africa, or the Middle East.

Other

A category for use when the client is not classified above, where the client does not identify with any one particular racial group, or whose origin group, because of area custom, is regarded as a racial class distinct from the above categories.

HISPANIC ORIGIN

Indicate the most appropriate origin.

Cuban

A person of Cuban origin, regardless of race.

Mexican

A person of Mexican origin, regardless of race.

Other Hispanic

A person from Central or South America, including the Dominican Republic, and all other Spanish cultures and origins (including Spain), regardless of race.

Hispanic, Not Specified

A person of Hispanic origin, but specific origin is not known, not specified, or a person who does not identify with a specific Hispanic origin.

Puerto Rican

A person of Puerto Rican origin, regardless of race.

Not of Hispanic Origin

VETERAN STATUS

Enter **Yes** or **No**.

A veteran is any person who has served on active duty in the armed forces of the United States, including the Coast Guard. Not counted as veterans are those whose only service was in the Reserves, National Guard or Merchant Marines and were never activated. For purposes of reporting, “veteran” does not in any way reflect the type of military discharge received.

U.S. MILITARY STATUS

Enter the status that most accurately reflects the client’s current military participation.

If the client has no current military status, skip this item.

Active Duty

A person who is currently in active status in any of the U.S. Military’s armed forces and is not a member of the Reserves or National Guard.

Reserves/National Guard

A person who is a member of any of the U.S. Military’s Reserve or National Guard forces and who is not currently in active status.

Both Active Duty and Reserves/National Guard

A person who is a member of any of the U.S. Military’s Reserves or National Guard and is currently on active duty.

ZIP CODE OF RESIDENCE

Enter the five-digit zip code for the client’s county of residence. If the client is homeless and does not live in a shelter, use the program’s zip code. If the client is homeless and lives in a shelter, use the shelter’s zip code. **For Canada use 88888**. If the client is not homeless and coming to your program directly from an inpatient or residential facility (chemical dependence or otherwise), enter the zip code of the client’s residence prior to the first inpatient or residential admission in the sequence (i.e., where the client lived in the community prior to entering treatment).

COUNTY OF RESIDENCE

From the drop down list, click on the NY county code or the values for any of the listed border states. If the zip code for Canada was entered (88888), click on “**90 Canada**.” If the client’s zip code is outside of these geographic areas, the user should click on “**80 Other**”

TYPE OF RESIDENCE

Enter the category that best describes the client's type of residence at the time of admission except when a client is admitted directly from a chemical dependence or other inpatient or residential facility. In such cases, report the type of residence immediately prior to the first episode of treatment in the sequence (i.e., where the client lived in the community prior to entering treatment).

Private Residence

Homeless: shelter Includes a person or family who is undomiciled, has no fixed address, lacks a regular night time residence, and is residing in some type of temporary accommodation (i.e., hotel, shelter, residential program for the victims of domestic violence).

Homeless: no shelter, or circulates among acquaintances Includes a person or family who is undomiciled, has no fixed address, lacks a regular night time residence, and circulates among acquaintances or is residing in a place not designed or originally used as a regular sleeping accommodation for human beings.

Single Resident Occupancy Hotel, rooming house, adult home, or residence for adults.

PRINCIPAL REFERRAL SOURCE

Indicate the agency, individual, or legal entity that referred the client. If the client can be included under more than one, choose the category that represents the agency, individual or legal situation most responsible for the client seeking treatment in this program. In most cases, if a client was referred from a criminal justice entity on or after October 7, 2009, the program should have received a signed criminal justice consent form (TRS-49) that identifies the referring entity in the top, right hand side of the form. The program must check the matching TRS-49 referral code listed under Principal Referral Source (located in the Criminal Justice Services section on the PAS-44N feeder form). There are cross edits in the PAS-44N that will require selection of one of the TRS-49 codes if an entry has been made in the NYSID field (which will only be entered for a TRS-49 referral). The appropriate non-TRS-49 criminal justice referral code should be selected if the referral was not accompanied by a criminal justice consent form, and thus not considered a TRS-49 referral. If the client is currently involved with the criminal justice system and initially indicates "Self-Referral," probe to determine if the referral source may be more appropriately categorized using one of the criminal justice codes. If the client, in actuality, has been referred to treatment as an alternative to incarceration, or as a condition of supervision of release from custody, a TRS-49 form must be obtained from the referring criminal justice entity.

Criminal Justice Services

DLR District Attorney A direct referral from a District Attorney accompanied by a TRS-49. In order to select this code, the program must have received the signed criminal justice consent form which identified the District Attorney as the referral source.

DLR Court A direct referral from a court (in the vast majority of cases, a drug court) accompanied by a TRS-49. In order to select this code, the program must have received the signed criminal justice consent form which identified the court as the referral source.

DLR Probation A direct referral from a county Probation Department accompanied by a TRS-49. In order to select this code, the program must have received the signed criminal justice consent form which identified Probation as the referral source.

DLR Parole General A direct referral from the New York State Division of Parole accompanied by a TRS-49. In order to select this code, the program must have received the signed criminal justice consent form which identified the New York State Division of Parole General as the referral source and the client is not being resentenced or referred from Willard or a shock program.

DLR Parole Release Shock A direct referral from the New York State Division of Parole accompanied by a TRS-49. In order to select this code, the program must have received the signed criminal justice consent form which identified the New York State Division of Parole Shock as the referral source and the client is coming to the program after completing a shock program.

DLR Parole Release Willard A direct referral from the New York State Division of Parole accompanied by a TRS-49. In order to select this code, the program must have received the signed criminal justice consent form which identified the New York State Division of Parole Willard as the referral source and the client is coming to the program after completing the Willard program.

DLR Parole Release Resentence A direct referral from the New York State Division of Parole accompanied by a TRS-49 for a drug offender who was resentenced. In order to select this code, the program must have received the signed criminal justice consent form which identified the New York State Division of Parole Resentence as

the referral source and the client has been resentenced and released.

Drinking Driver Referral A direct referral from the Department of Motor Vehicles' Drinking Driver Program (DDP), or a referral resulting from a specific Driving While Intoxicated (DWI), or Driving While Ability Impaired (DWAI) law enforcement incident (*which could involve alcohol and/or drugs*). *All DWI/DWAI referrals belong in this category regardless of related criminal justice status.*

Police A direct referral from a municipal, town, county or state police agency, including the sheriff's department. However, this does not include referrals from jails, which are normally operated by a sheriff, which should be reported using "City/County Jail." In all cases this will be before, or in lieu of, adjudication.

Family Court Family Court has jurisdiction over all juvenile cases (under the age of 16), except for juvenile offenders (JOs). It also has jurisdiction over neglect and some domestic violence cases.

Other Court This includes town and village, district, New York City criminal justice and federal courts. *It does not include referrals from a drug court or drug treatment court.* Referrals, in this category, will come directly from the court in lieu of sentencing to a jail or prison **and are not** accompanied by a TRS-49.

Alternatives to Incarceration A referral made by a criminal justice entity which is not required to provide a TRS-49 consent form (e.g., federal probation), as an alternative to incarceration (e.g., local court, non-drug court, a federal court). *This does not include DWI or DWAI cases which should be reported in "Drinking Driver-Referral."*

City/County Jail This would include referrals for detainees and sentenced offenders that are referred by local jail personnel (including personnel working in the jail for other agencies) for treatment provided in the community or jail itself. This does not include the NYS Department of Correctional Services (DOCS).

NYS Department of Correctional Services This category is for use only for those offenders that are under the jurisdiction of the State prison system (DOCS), either within the prison or who are receiving treatment off-site, as part of a work release program. *It does not include offenders who are under the jurisdiction of the Division of Parole, such as the Willard Drug Treatment Campus, which should be reported as "DLR Parole Willard Release."*

Office of Children and Family Services (OCFS) This category includes all direct referrals of a youth from an OCFS facility or office.

EMPLOYMENT STATUS

Enter the client's employment status at time of admission. If a client can be counted in more than one category, please choose the status which most appropriately indicates his/her status. This is an employment-related item, so the client's work status should be the primary consideration. For example: if an individual is employed part-time and is also a student or a homemaker or a retired person, he/she is part of the labor force and the status should be Employed Part-Time. Active military personnel – status should be Employed Full-Time. Unemployed Looking for Work should only be used if the client has actively sought employment within the last 30 days. **A client working off-the-books is not considered employed.**

Mental Retardation/Developmental Disability Describes a group of disorders, acquired before the age of 22, the predominant feature of which is a disturbance in the acquisition of cognitive, language, motor or social skills. If available, the IQ is less than 70.

Co-existing Psychiatric Disorder Refers either to a diagnosis of mental illness which is available to the clinician at the time of admission by mental health screen, client report, significant other report, records, or by presenting symptoms which the clinician recognizes as possibly being symptomatic of mental illness. The recognition of symptoms does not constitute a diagnosis on the part of the clinician, but may indicate symptoms which need to be addressed in the treatment plan.

HISTORY OF MENTAL HEALTH TREATMENT

Enter **Yes** or **No** to each of the following:

Ever Treated for Mental Illness Involves the planned intervention designed to relieve the distress and/or disability associated with mental illness.

Ever Hospitalized for Mental Illness Means the admission to some type of hospital or inpatient facility for the treatment of the distress and/or disability associated with mental illness. **If “Yes,” Ever Treated for Mental Illness must be “Yes.”**

Ever Hospitalized 30 or More Days for Mental Illness Means the admission to some type of hospital or inpatient facility for the treatment of the distress and/or disability associated with mental illness for 30 or more consecutive days. **If “Yes” is entered, the previous two items must be “Yes.”**

Indicate the stage that best reflects the client's stage of change at the time of admission:

Ambivalent

The client does not verbalize responsibility for any problems or harm he/she has caused to self, others or property that resulted from his/her substance use or related behavior.

Change Oriented

The client actively verbalizes one or more problems or harmful consequences to self, others or property that result from his/her substance use or related behavior. He/she has verbalized no plan, nor taken any action, to address these.

Planning Change

The client has formulated and verbalizes at least one of his/her strategies to reduce or discontinue alcohol/drug use, resolve related issues, or support a drug/alcohol free lifestyle. The client is presently taking no observable action to carry out these strategies.

Active Early Recovery

In accordance with his/her own planned strategies, the client is engaged in *one or more observable action steps* designed to reduce or discontinue alcohol/drug abuse, resolve related issues, or support a drug/alcohol free lifestyle. Thus far, *no more than one* action step has resulted in *at least partial* measurable goal achievement.

Ongoing Recovery and Relapse Prevention

In accordance with his/her own planned strategies, the client is engaged in *two or more observable action steps* designed to discontinue alcohol/drug abuse, resolve related issues, or support a drug/alcohol free lifestyle. Thus far, *at least two* action steps have resulted in *at least partial* measurable goal achievement.

For Provider Use (Optional) Box

Some providers may elect to keep OASAS admission and/or discharge reports signed by the clinician in the client's file. This box may be used for that purpose and is not required by OASAS.
