These instructions are for the purpose of completing the PAS-44N form only. They do not supersede or replace existing regulations.

**PROVIDER NUMBER**
Enter the five-digit provider number assigned by OASAS that identifies the treatment service provider.

**PROGRAM NUMBER**
Enter the five-digit number assigned by OASAS which identifies the program the client is being admitted to.

**CLIENT ID INFORMATION**

**PROVIDER CLIENT ID**
The client identification number selected by the program may contain a maximum of 10 alpha-numeric digits. The number may be entered using any of the available 10 spaces. Do not use the client’s social security number as the Client ID number.

For all clients prescribed methadone, the identification number assigned by the NYS Central Registry must be used. All clients who are prescribed methadone and are new admissions or readmissions will be randomly assigned an ID number.

Note: Provider Client ID Numbers are not used for data analysis by OASAS and are for provider use only.

**SPECIAL PROJECT**
The Special Project field is not required. This Special Project designation is assigned to programs by OASAS. Do not use this unless you have been assigned a Special Project designation. If the program has been approved for a special project code and this admission meets the qualifying criteria for that project code, use the dropdown list to select the appropriate code.

**SEX (at birth)**
Enter gender, Male or Female, as documented on birth certificate. If the client is transsexual, use the gender that was recorded at time of birth.

**BIRTH DATE**
Enter two digits each for the month and day and four digits for the year of birth (e.g., March 8, 1998 would be 03/08/1998).

**LAST FOUR DIGITS OF SOCIAL SECURITY NUMBER**
Enter the last four digits of the client’s Social Security number (SSN), as assigned by the Social Security Administration. If the client does not have an SSN, enter 0000. If another person is providing insurance coverage, be sure to use the client’s SSN, not the SSN of the insured. Please be sure that the numbers are entered in the correct order. These numbers are critical to OASAS’ ability to track clients as they move through the treatment system.

**FIRST TWO LETTERS OF LAST NAME AT BIRTH**
Enter the first two letters of the client’s last name at birth (Smith = SM, O’Brien = OB). For clients who have changed their last name, use their BIRTH name (e.g., Maiden Name).
FIRST TWO LETTERS OF LAST NAME CURRENT

Enter the first two letters of the client’s current last name (Smith = SM, O’Brien = OB). Having both the first two letters of the client’s last name at birth and the first two letters of the client’s current last name (if different) will increase OASAS’ ability to correctly track the client as the client moves through the treatment system.

ADMISSION DATE

For ambulatory [Part 822] programs, the Admission Date is the date of the first treatment or clinical service following the decision to admit the client. This may be the first counseling session, a medical visit or a visit to collect information for the comprehensive evaluation. It is not the day the admission decision is made unless the client receives a treatment service on the same day that the admission decision is made. For example, if a program completes an assessment on March 1, makes the decision to admit the client in a case conference on March 3 and the client shows up for their first group counseling session on March 6, the admission date is March 6. An admission date of March 6, 2017, would be entered as 03/06/2017. For purposes of reporting, a client may not be admitted more than once in a calendar day.

For residential/inpatient programs, the Admission Date is the date of the first overnight stay (i.e., the date that the client first sleeps in a program bed) following at least a preliminary determination that the individual appears to need residential/inpatient substance use disorder services. In most cases, the determination is made that the individual is appropriate for this level of care prior to an overnight stay. In some cases, this decision is made on the same day of the overnight stay.

Example 1: An individual arrives at an inpatient program for a scheduled interview on March 1 and a level of care determination is completed on that date. The intake counselor meets with the admission team on March 4th to make a recommendation. The team agrees to admit the individual who is contacted and told to come the next day to be admitted. The individual arrives on March 5, receives orientation and is assigned to a bed. The program enters March 5 as the Admission Date on the PAS-44N.

Example 2: An individual arrives at a residential program late in the day of March 1. A staff member interviews the individual and determines that the individual appears appropriate for admission. The staff member completes a level of care determination and the individual is confirmed to be appropriate for admission. The client has dinner and is assigned to a bed. The program enters March 1 as the Admission Date on the PAS-44N.

PART 820 PROGRAMS ONLY

Element of Care

Select the element of care the client is being admitted into.
- Stabilization
- Rehabilitation
- Reintegration

If Stabilization or Rehabilitation is chosen then Reintegration Setting will not be used. If Reintegration is chosen, then a Reintegration Setting is required.

REINTEGRATION SETTING
If element of care selected is **Reintegration**, then enter one of the following reintegration settings.

  Congregate  
  Scatter-Site

**LOCADTR INFORMATION**

*Please note that the Consent to Release of Information Concerning Alcoholism/Drug Abuse Patient LOCADTR Assessment (TRS-62) applies to LOCADTR data entry. CDS data entry is still required even if a client declines to sign the above identified form.*

Both **Assessment ID** and **Created Date** are optional items and can be entered at the program’s discretion.

**ASSESSMENT ID**

The Level of Care for Alcohol and Drug Treatment Referral (LOCADTR) 3.0 Assessment ID will be generated at the administration of LOCADTR 3.0 to substantiate the clinical rationale for admission. The most recent Assessment ID should be documented. It can be found on the Assessment Dashboard page of LOCADTR 3.0 and is the first column next to client name. The assessment ID will appear on the assessment table located on the LOCADTR dashboard only for the clinician who completed the assessment. If a person uses the “Other Clinicians’ option to retrieve this information, the CSV file will need to be downloaded to get the Assessment ID number.

The use of LOCADTR 3.0 Protocol has been mandated for all OASAS certified substance use disorder treatment providers to be utilized to determine the most appropriate level of care for a client and therefore it must be utilized for all admissions, transfers, transitions, and discharges. Further information on LOCADTR 3.0 can be found here- [LOCADTR 3.0](#).

**CREATED DATE**

The Created Date is the date the LOCADTR 3.0 assessment which supports this admission was created. Enter two digits for the month, two digits for the day, and four digits for the year.

**TRS-61 IDENTIFYING INFORMATION (ID)**

**AUTHORIZATION FOR RELEASE OF BEHAVIORAL HEALTH INFORMATION**

The data items that are addressed by this authorization of disclosure were added to the data collected by OASAS to assist OASAS in implementing the Medicaid Redesign initiative and to comply with mandatory federal reporting requirements. Clients should be offered the opportunity to sign the **Authorization for Release of Behavioral Health Information Form (TRS-61)** at the time of admission or, if admitted prior to October 1, 2014 and participating in an Opioid Treatment Program, at the completion of the Opioid Treatment Annual Update. The client should be aware that signing or refusing to sign the consent form does not impact admission disposition. A client can sign the consent form at any time during their treatment episode with the knowledge that it allows consent of the data for the entire treatment episode, from admission through discharge and is valid for three years following the last date of service. Clients have the right to revoke this consent at any time. OASAS will not re-disclose any information. Please see the document titled **Guidance for Using the Authorization for Release of Behavioral Health Information (TRS-61)** for further information. **If a client refuses to sign the TRS-61, the program is STILL required to report all other data items in the Client Admission Report. The only exception to this is HIV status which should be reported**
as “Unknown”.

**ID CONSENT DATE**

This is the date that the client signed the *Authorization for Release of Behavioral Health Information Form (TRS-61)*. Enter two digits for the month, two digits for the day, and four digits for the year. The date may be prior to the date of admission. The date of signature cannot be a future date. If the client signs and dates the TRS-61, the following data items may be entered: Last Name (Birth), Last Name (Current), First Name, and Medicaid Client ID. If a date has been entered in the ID Consent Date field, then, at a minimum, the client’s Last Name at Birth and Current Last Name are required.

**ID CONSENT REVOKE DATE**

This date is not required but if entered, it must be ON or AFTER the ID Consent Date. Enter two digits for the month, two digits for the day, and four digits for the year.

**LAST NAME (BIRTH NAME)**

Enter the letters of client’s full last name as recorded at birth. This item is required if a date has been entered in ID Consent Date.

**LAST NAME (CURRENT NAME)**

Enter the letters of client’s current full last name. This item is required if a date has been entered in ID Consent Date.

**FIRST NAME**

Enter the letters of the client’s full first name.

**MEDICAID CLIENT ID**

Enter the client’s full Medicaid Client ID if applicable. This is usually two letters followed by five numeric digits and ending with one letter.

**SOCIAL SECURITY NUMBER**

Enter the client’s full nine-digit Social Security number. The full Social Security number should only be entered if, in addition to signing and dating the TRS-61, the client also initialed the section allowing disclosure of Social Security number to OASAS.

**TRS-49 CRIMINAL JUSTICE (CJ)**

Programs assessing clients referred from the New York State CJ system should receive a signed consent form (TRS-49) from the referring CJ entity. This consent form will contain a New York State ID (NYSID) assigned by the Division of Criminal Justice Services (DCJS) and the date that the consent was initiated. This consent permits OASAS to share client data with the CJ agencies identified on the consent form in compliance with federal confidentiality requirements (42 CFR). In addition, the TRS-49 permits communication concerning the client between and among the treatment program and the referring CJ entity. The consent form is to be used for all clients who agree to enter treatment as an alternative to incarceration, a condition of supervision or release from custody.

Programs should require the referring CJ entity to provide a copy of the signed consent form when an assessment session is requested. If the decision is made to admit the client, the NYSID and the consent date should be entered into the PAS-44N. If the program has not received a copy of the signed consent form, please request the information from the referring
CJ entity. If the information is received by telephone, a note indicating such must be entered into the client record and a copy of the TRS-49 must ultimately be received and placed in the client record. Programs experiencing difficulty in obtaining copies of the signed consent form from referring CJ entities, should inform their local OASAS Regional Office.

**NYSID**

The alpha-numeric New York State ID (NYSID) consists of eight digits and one capital letter. It is located at the top, left hand side of the signed consent form. If the NYSID is not available when the client’s PAS-44N is created, the program should update the PAS-44N via the Client Management function available in the CDS when they obtain the NYSID. Edit checks associated with the PAS-44N will determine if the NYSID entered into the system meets logic requirements. If the NYSID is rejected, please contact the referring CJ entity to obtain the correct NYSID.

**CJ CONSENT DATE**

The CJ Consent Date is the date that the client signed the CJ Consent Form (TRS-49). It is found on the bottom, left hand side of the form. The date must be prior to the date of admission (but not more than 180 days prior).

**CJ CONSENT REVOKE DATE**

If a client informs the program of intent to revoke this consent at any time, the program is required to edit the PAS-44N and enter the CJ Consent Revoke Date. If one of the following two conditions are met, a client is permitted to revoke their CJ Consent (TRS-49):

1. They have been arrested following the date of consent.
2. They are no longer under the authority of the referring CJ entity (e.g., court, Parole, Probation, District Attorney).

If neither of these conditions are met, a revoke date cannot be entered.

**NUMBER OF ASSESSMENT VISITS OR DAYS**

Enter the actual number of visits or days spent conducting an assessment prior to treatment.

An assessment visit, for a Part 822 treatment program, is a visit to the program with the purpose of determining need for services and the visit occurs prior to, or on the same day as, (1) an admission for treatment services, (2) referral to another provider for substance use disorder treatment, or (3) another disposition or termination of the assessment process.

An assessment day, for an inpatient/residential program, is any day, or part of a day, spent by an individual as an inpatient or resident being assessed to determine the need for inpatient or residential treatment, prior to receiving treatment services.

*If no assessment visits or assessment days were provided, enter “0.”*

**SIGNIFICANT OTHER**

Enter one of the following:

**Yes** The client will be admitted as a Significant Other; not for treatment of their own alcohol or substance misuse problems.
No The client will be admitted for treatment of their own alcohol or substance misuse problems, not as a Significant Other.

"Significant Other" means an individual who is related to, a close friend of, associated with, or directly affected by, an individual misusing substances. Substance use disorder treatment should include services to the significant others of those who are misusing substances, in recognition that addiction has a significant negative impact on such individuals. Significant Others may be admitted to the treatment program, regardless of whether the individual misusing substances is in treatment, or the Significant Other may be treated as part of a family. If a person is experiencing problems with alcohol or other substances requiring treatment, they should not be admitted as a Significant Other.

By regulation, substance use disorder outpatient clinics (Part 822) are permitted to admit Significant Others for treatment services.

DEMOGRAPHICS

Sexual Orientation and Gender Identity questions

In the 2011 Institute of Medicine (IOM) Report, the IOM noted that lesbian, gay, bisexual, and transgender (LGBT) individuals experience unique health disparities, but the existing body of evidence related to LGBT is sparse. The following questions are included to collect this needed information. Gender identity is separate from sexual orientation, and transgender individuals may identify as lesbian, gay, bisexual, or straight. To obtain accurate health information on LGBT populations, both sexual orientation and gender identity will be measured. OASAS will utilize this information, along with other aggregate data, to ensure its programs and services are meeting clients’ needs.

Clients should be assured that this information will be kept confidential. During the intake process (or at any other time when clients are asked to disclose personal information), provider staff professionals should clearly explain how a client’s information may be used or shared within the provider as well as the provider’s confidentiality policies and practices for personal information.

(Please see Updating the OASAS Client Data System to Include Sexual Orientation and Gender Identity FAQ for further information regarding the purpose of gathering this demographic information.)

SEXUAL ORIENTATION

Sexual orientation is a person’s primary physical, romantic, and/or emotional attraction to members of the same and/or opposite sex. Enter the client’s sexual orientation as self-disclosed.

Straight Used when a person’s primary physical, romantic, and/or emotional attraction is to someone of the opposite sex. Also referred to as heterosexual.

Gay Used to describe a person, although generally referring to a male, who has a primary physical, romantic, and/or emotional attraction to someone of the same sex.

Lesbian Used when a woman’s primary physical, romantic, and/or emotional attraction is to other women.

Bisexual Used to describe an individual who is physically, romantically, and/or emotionally attracted to both men and women. “Bisexual” does not suggest having equal
sexual experience with both men and women.

**Don't Know/Not Sure** Select this option if the client is unsure or undecided.

**Didn’t Answer** Select this option if the client does not want to answer this question.

**GENDER IDENTITY**

Gender identity refers to the client’s inner sense of being male or female which may or may not correspond to the client’s physical body or designated gender at birth.

- **Not transgender (cisgender)** A person identifies with the same gender as gender at birth.
- **Transgender-male to female** A person born into a male body, but who feels or lives as a female.
- **Transgender-female to male** A person born into a female body, but who feels or lives as a male.
- **Transgender - other** A person who identifies as transgender, but who may not identify as male or female. This includes people who identify as gender fluid, bigender, agender, androgy nous, genderqueer, etc. Exact definitions of these terms vary from person to person and may change over time, but often include a sense of blending or alternating genders. Some people who use these terms to describe themselves see traditional, binary concepts of gender as restrictive.

**Don’t Know/Not Sure** Select this option if the client is unsure or undecided.

**Didn’t Answer** Select this option if the client does not want to answer this question.

**RACE**

Based on client self-identification and/or staff observation, enter the appropriate race. If the client is multiracial, enter the race with which the client most identifies.

- **Alaska Native (Aleut, Eskimo, Indian)** A person having origins in any of the native people of Alaska.
- **American Indian (Other than Alaska Native)** A person having origins in any of the original peoples of North America and South America (including Central America) and who maintains cultural identification through tribal affiliation or community attachment.
- **Asian** A person having origins in any of the original people of the Far East, Indian Subcontinent, Southeast Asia, including Cambodia, China, India, Japan, Korea, Malaysia, Philippine Islands, Thailand and Vietnam.
- **Black or African American** A person having origins in any of the black racial groups of Africa.
- **Native Hawaiian or Other Pacific Islander** A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
- **White** A Caucasian person having origins in any of the people of Europe (including Portugal), North Africa, or the Middle East.
- **Other** A category for use when the client’s race is not classified above, where the client does not identify with any one particular racial group, or whose origin group, because of area custom, is regarded as a racial class distinct from the above categories.

**HISPANIC ORIGIN**

Indicate the most appropriate origin.
Cuban
A person of Cuban origin, regardless of race.

Mexican
A person of Mexican origin, regardless of race.

Puerto Rican
A person of Puerto Rican origin, regardless of race.

Other Hispanic
A person from Central or South America, including the Dominican Republic, and all other Spanish cultures and origins (including Spain), regardless of race.

Hispanic, Not Specified
A person of Hispanic origin, but specific origin is not known, not specified, or a person who does not identify with a specific Hispanic origin.

Not of Hispanic Origin
A person whose origin is not Hispanic and is not included in the five categories above or a person who does not identify with a Hispanic origin.

PRIMARY LANGUAGE
Enter the primary language of the client with which the client prefers to communicate. The following list is not all inclusive. If the client prefers a specific language not listed, check “other.”

</tbody>
</table>

VETERAN STATUS
Enter Yes or No.

A veteran is any person who has served on active duty in the armed forces of the United States, including the Coast Guard. Not counted as veterans are those whose only service was in the Reserves, National Guard or Merchant Marines and were never activated. For purposes of reporting, “veteran” does not in any way reflect the type of military discharge received.

U.S. MILITARY STATUS
Enter the status that most accurately reflects the client’s current military participation.

If the client has no current military status, skip this item.

Active Duty
A person who is currently in active status in any of the U.S. Military’s armed forces and is not a member of the Reserves or National Guard.

Reserves/National Guard
A person who is a member of any of the U.S. Military’s Reserve or National Guard forces and who is not currently in active status.

Both Active Duty and Reserves/National Guard
A person who is a member of any of the U.S. Military’s Reserves or National Guard and is currently on active duty.
ZIP CODE OF RESIDENCE

Enter the five-digit zip code for the client’s county of residence. If the client is homeless and does not live in a shelter, use the program’s zip code. If the client is homeless and lives in a shelter, use the shelter’s zip code. For Canada use 88888. If the client is not homeless and coming to your program directly from an inpatient or residential facility (substance use disorder or otherwise), enter the zip code of the client’s residence prior to the first inpatient or residential admission in the sequence (i.e., where the client lived in the community prior to entering treatment).

COUNTY OF RESIDENCE

From the drop down list, click on the NY county code or the values for any of the listed border states. If the zip code for Canada was entered (88888), click on “Canada.” If the client’s zip code is outside of these geographic areas, the user should click on “Other” from the drop down list. If the client is not homeless and coming to your program directly from an inpatient or residential facility (substance use disorder or otherwise), enter the county of the client’s residence prior to the first inpatient or residential admission in the sequence (i.e., where the client lived in the community prior to entering treatment). County of residence must match the zip code entered or an error message will be displayed. Do not enter the incorrect county. If necessary, first correct the zip code.

- Connecticut (CT)
- New Jersey (NJ)
- Pennsylvania (PA)
- Massachusetts (MA)
- Vermont (VT)
- Other (OTHER)
- Canada (CANADA)

TYPE OF RESIDENCE

Enter the category that best describes the client’s type of residence at the time of admission. When a client is admitted directly from a substance use disorder or other inpatient or residential facility, report the type of residence immediately prior to the first episode of treatment in the sequence (i.e., where the client lived in the community prior to entering treatment).

Private Residence

Homeless: shelter Includes a person or family who is undomiciled, has no fixed address, lacks a regular nighttime residence, and is residing in some type of temporary accommodation (i.e., hotel, shelter, residential program for the victims of domestic violence).

Homeless: no shelter, or circulates among acquaintances Includes a person or family who is undomiciled, has no fixed address, lacks a regular nighttime residence, and circulates among acquaintances or is residing in a place not designed or originally used as a regular sleeping accommodation for human beings.

Single Resident Occupancy Hotel, rooming house, adult home, or residence for adults.

Residential Services for SUD*/Congregate A community living experience in one location with onsite staff available seven days a week, twenty-four hours a day, such as a community residence or Part 820 residential program.

Residential Services for SUD/Scatter-Site A community living experience where housing is provided at various locations where staff provide, at a minimum, case
management and supervision through weekly in-house visits. Examples include supportive living or Part 820 residential programs with a reintegration setting of scatter-site.

**MH/DD Community Residence** Mental Health/Developmental Disabilities Community Residence

**Other Group Residential Setting** Other Group Residential may include group homes, supervised apartments, college housing or military barracks.

**Institution, Other** (e.g., jail, hospital)

**Other**

*SUD=Substance use disorder

**LIVING ARRANGEMENTS**

Enter the client’s living arrangements at the time of admission. If the client is not homeless and coming to your program directly from an inpatient or residential facility (substance use disorder or otherwise), enter the client’s living arrangements prior to the first inpatient or residential admission in the sequence (i.e., where the client lived in the community prior to entering treatment). If the client was in jail or prison and is being admitted directly into inpatient or residential treatment, select “living with non-related person.”

- **Living Alone**
- **Living with Non-Related Persons**
- **Living with Spouse/Relatives**

**PRINCIPAL REFERRAL SOURCE**

Indicate the agency, individual, or legal entity that referred the client. If the client can be included under more than one, choose the category that represents the agency, individual or legal situation most responsible for the client seeking treatment in this program. If the client is currently involved with the criminal justice system and initially indicates “Self-Referral,” probe to determine if the referral source may be more appropriately categorized using one of the criminal justice codes. If applicable, the NYSID and CJ Consent Date information should be entered as previously indicated.

**Criminal Justice Services**

- **District Attorney** A direct referral from a District Attorney which should be accompanied by a TRS-49.
- **Drug Court** A direct referral from a court (in the vast majority of cases, a drug court) which should be accompanied by a TRS-49.
- **Probation** A direct referral from a county Probation Department which should be accompanied by a TRS-49.
- **Parole General** A direct referral from the New York State Division of Parole which should be accompanied by a TRS-49.
- **Parole Release Shock** A direct referral from the New York State Division of Parole which should be accompanied by a TRS-49. The client is coming to the program after completing a shock program.
- **Parole Release Willard** A direct referral from the New York State Division of Parole which should be accompanied by a TRS-49. The client is coming to the program after completing the Willard program.
- **Parole Release Resentence** A direct referral from the New York State Division of Parole which should be accompanied by a TRS-49 for a drug offender who was resentenced.
Impaired Driver Referral: A direct referral from the Department of Motor Vehicles’ Impaired Driver Program (IDP), or a referral resulting from a specific Driving While Intoxicated (DWI) or Driving While Ability Impaired (DWAI) law enforcement incident (which could involve alcohol and/or drugs). All DWI/DWAI referrals belong in this category regardless of related criminal justice status.

Police: A direct referral from a municipal, town, county or state police agency, including the sheriff's department. However, this does not include referrals from jails, which are normally operated by a sheriff, which should be reported using “City/County Jail.” In all cases this will be before, or in lieu of, adjudication.

Family Court: Family Court has jurisdiction over all juvenile cases (under the age of 16), except for juvenile offenders (JOs). It also has jurisdiction over neglect and some domestic violence cases.

Other Court: This includes town and village, district, New York City criminal justice and federal courts. It does not include referrals from a drug court or drug treatment court. Referrals, in this category, will come directly from the court in lieu of sentencing to a jail or prison and are not accompanied by a TRS-49.

Alternatives to Incarceration: A referral made by a criminal justice entity which is not required to provide a TRS-49 consent form (e.g., federal probation), as an alternative to incarceration (e.g., local court, non-drug court, a federal court). This does not include DWI or DWAI cases which should be reported in “Impaired Driver Referral.”

City/County Jail: This would include referrals for detainees and sentenced offenders that are referred by local jail personnel (including personnel working in the jail for other agencies) for treatment provided in the community or jail itself. This does not include the NYS Department of Corrections and Community Supervision (DOCCS).

NYS Department of Corrections and Community Supervision: This category is for use only for those offenders that are under the jurisdiction of the State prison system (DOCCS), either within the prison or who are receiving treatment off-site, as part of a work release program. It does not include offenders who are under the jurisdiction of the Division of Parole, such as the Willard Drug Treatment Campus, which should be reported as “Parole Release Willard.”

Office of Children and Family Services (OCFS): This category includes all direct referrals of a youth from an OCFS facility or office.

<tr>
<td><strong>Unemployed, Looking for Work</strong> This status should only be used if the client has <strong>actively</strong> sought employment within the last 30 days.</td>
</tr>
<tr>
<td><strong>Unemployed, Not Looking for Work</strong> Programs may use this status for clients who are working off-the-books or in a volunteer position.</td>
</tr>
<tr>
<td><strong>Not in Labor Force – Child Care issues</strong></td>
</tr>
<tr>
<td><strong>Not in Labor Force – Disabled</strong> The client has been assessed and identified as disabled</td>
</tr>
</tbody>
</table>
and is not required to work pending the results of an application for SSI benefits for public assistance purposes.

**Not in Labor Force – In Training** To be used when a client is unemployed but taking part in a formal training program such as a program via ACCES-VR, Department of Labor, BOCES, etc. This includes if a client has a scheduled appointment to engage in a program at one of the above-mentioned training programs.

**Not in Labor Force – Inmate** Can be used if the client is in a jail-based or prison-based program.

**Not in Labor Force – Retired**

**Not in Labor Force – Student** Use this status if the client is engaged in school, including postsecondary education or GED studies, and is not employed or if the client is employed, but engaged in primary or secondary education (K-12).

**Not in Labor Force – Other**

**Social Services Work Experience Program (WEP)** A specific set of work/work related tasks to which a public assistance recipient is assigned for a specific number of hours per week by a local Social Services District as a condition for receipt of a public assistance grant and/or related benefit.

**Social Services Determined, Not Employed/Able to Work** The client is seeking or is on Public Assistance and has been assessed by treatment program staff or an OASAS credentialed individual acting on behalf of a local Social Services District as able to engage in work, but is not employed.

**Social Services Determined, Unable to Work, Mandated Treatment** The client has been assessed by an OASAS credentialed individual acting on behalf of a local Social Services District as unable to work and is in treatment as a condition for receiving public assistance.

### PRIMARY SOURCE OF INCOME AT ADMISSION

Enter the category which corresponds to the primary or major source of income for the client, either currently or in the 30 day period prior to admission. If the client’s Employment Status is “Unemployed” or “Not in Labor Force,” the primary source of income cannot be “Wages/Salary.”

- None
- **Wages/Salary** This category should be used only if it relates to the client’s wages/salary. Wages/Salary of the client’s spouse/family should be indicated by Family and/or Spouse Contribution.
- **Alimony/Child Support**
- **Department of Veterans Affairs**
- **Family and/or Spouse Contribution**
- SSI/SSDI or SSA
- **Safety Net Assistance**
- **Temporary Assistance For Needy Families** TANF provides cash assistance to eligible needy families that include a minor child living with a parent (including families where both parents are in the household), or a caretaker relative.
- **Other**

### FAMILY HISTORY

**MARITAL STATUS**

Enter the current marital status of the client. A person whose only marriage was annulled...
should be classified as Never Married. A status of Separated includes legal separation as well as informal separations.

  Married
  Never Married
  Living as Married
  Separated
  Divorced
  Widowed

CHILD OF SOMEONE WHO MISUSES ALCOHOL/OTHER SUBSTANCES
Enter the category that best describes the status of the client. For this question, “misuse” should be defined as meeting the criteria for a clinical diagnosis of a substance use disorder.

  No
  Both Child of Someone Who Misuses Alcohol and Other Substances
  Child of Someone Who Misuses Alcohol
  Child of Someone Who Misuses Other Substances

NUMBER OF CHILDREN
Enter one digit (0-9) * to indicate the total number of children (under the age of 19) that the client is legally responsible for, including biological children, stepchildren, adopted children, and foster children.

NUMBER OF CHILDREN LIVING WITH CLIENT
Enter one digit (0-9) * to indicate the total number of children that the client is legally responsible for that are living with the client, including biological children, stepchildren, adopted children and foster children.

NUMBER OF CHILDREN LIVING IN FOSTER CARE
Enter one digit (0-9) * to indicate the total number of biological and adopted children that the client has in foster care.

*Use nine (9) if the total number of children exceeds 9. Although this may result in inaccurate information for a few clients, not having a two-digit field will prevent the vast majority of data entry errors for this item.

CASE WITH CHILD PROTECTIVE SERVICES
Enter Yes or No whether client has an ACTIVE case with Child Protective Services (CPS). An active CPS case means that the local Department of Social Services, Child Protective Service Division, or in the case of New York City, the NYC Administration for Children’s Services, has an open case for one or more of the children associated with this particular parent whether or not the child(ren) has been removed from the household.

CRIMINAL JUSTICE INFORMATION

CRIMINAL JUSTICE STATUS
Please select the code or codes that reflect the client’s criminal justice status at the time of admission (check all that apply). If the client has been referred under the auspices of the
Drug Law Reform (DLR) initiative, the client should not have “None” as a Criminal Justice Status.

None
Probation The client is under the supervision of any Department of Probation. This must be checked if the program has selected Probation as the Principal Referral Source.
Parole The client is under the supervision of the New York State Division of Parole. This must be checked if the program has selected any of the Parole categories as the Principal Referral Source.
Work Release The client is currently in the custody of the New York State Department of Corrections and Community Supervision or a local jail and is participating in a work release program.
In Prison/Jail The client is currently in the custody the New York State Department of Corrections and Community Supervision or a local jail (and is not participating in a work release program.)
In OCFS Facility The client is currently in the custody of the New York State Office of Children and Family Services.
Charges Pending The client has criminal charges pending, but has been released into the community awaiting disposition.
Any Treatment or Specialty Court The client is participating in Drug Court or other Specialty Court programs. This must be checked if the program has selected Drug Court as the Principal Referral Source.
Other (e.g., District Attorney) This must be checked if the program has selected District Attorney as the Principal Referral Source.

ARRESTS/INCARCERATION

IS THIS ADMISSION THE RESULT OF AN ALTERNATIVE TO INCARCERATION?
Indicate whether the client’s admission is the result of their participation in one of the various alternatives to incarceration programs. Check “yes” for all clients referred with an accompanying TRS-49 form and referred from District Attorneys, Drug Courts, Probation and Parole Release Willard. For all clients referred with an accompanying TRS-49 form and referred from Parole General, Parole Release Shock, or Parole Release Resentence, select “no”.

NO. OF ARRESTS IN PRIOR 30 DAYS
Enter the number of arrests in the prior 30 days. An arrest should be counted if the client was legally processed and detained.

NO. OF ARRESTS IN PRIOR 6 MONTHS
Enter the number of arrests in the six months prior to admission. An arrest should be counted if the client was legally processed and detained. Any arrest that the client had in the last 30 days will also be counted here since the last 30 days is part of the last six months.

NO. OF DAYS INCARCERATED IN PRIOR 6 MONTHS
Enter the number of whole or partial days that the client was remanded (incarcerated) to jail or prison in the six months prior to admission.

PRIMARY ICD-10 DIAGNOSIS CODE
Enter one of the following primary diagnosis codes, based on ICD-10, for the substance that is primarily responsible for the client’s substance use disorder treatment. Enter up to 3
additional characters to specify clinical detail (optional). Skip this section if client is being admitted as a significant other.

- F10 Alcohol related disorders
- F11 Opioid related disorders
- F12 Cannabis related disorders
- F13 Sedative, hypnotic, or anxiolytic related disorders
- F14 Cocaine related disorders
- F15 Other stimulant related disorders
- F16 Hallucinogen related disorders
- F18 Inhalant related disorders
- F19 Other psychoactive substance related disorders

**PROBLEM SUBSTANCES**

At least one, and up to three substances may be identified (primary, secondary, and tertiary). The order should be determined by clinical judgment, history and frequency of use, client’s perception, medical issues and problem areas of client functioning with the substance primarily responsible for the client's admission listed first.

**TYPE**

- **None** Only Significant Others may report none for a primary substance at admission.
- **Alcohol**
- **Cocaine**
- **Crack** This is the street name for a more purified form of cocaine that is smoked.
- **Marijuana/Hashish** This includes THC and any other cannabis sativa preparations.
- **Synthetic Cannabinoids** (e.g. K2/Spice)
- **Heroin**
- **Buprenorphine**
- **Non-Rx Methadone** Methadone obtained and used without a legal prescription.
- **OxyContin**
- **Other Opiate/Synthetic** This includes Codeine, Dilaudid, Morphine, Demerol, Opium, and any other drug with morphine-like effects.
- **Alprazolam (Xanax)**
- **Barbiturate** This includes Phenobarbital, Seconal, Nembutal, etc.
- **Benzodiazepine** This includes Diazepam, Flurazepam, Chlordiazepoxide, Clorazepate, Lorazepam, Oxazepam, Prazepam, Triazolam, Clonazepam, Klonopin, and Halazepam.
- **Catapres** Clonidine
- **Other Sedative/Hypnotic** This includes Methaqualone, Chloral Hydrate, Placidyl, Doriden, etc.
- **Elavil**
- **GHB**
- **Khat**
- **Other Tranquilizer**
- **Methamphetamine** (e.g., Ice)
- **Other Amphetamine** This includes Benzedrine, Dexedrine, Preludin, Ritalin, and any other amines and related drugs.
- **Synthetic Stimulant** (e.g. Bath Salts)
- **Other Stimulant**
- **PCP** (Phencyclidine)
- **Ecstasy**
Other Hallucinogen This includes LSD, DMT, STP, Mescaline, Psilocybin, Peyote, etc.
Ephedrine
Inhalant This includes Ether, Glue, Chloroform, Nitrous Oxide, Gasoline, Paint Thinner, etc.
Ketamine
Rohypnol
Over-the-Counter This includes Aspirin, Cough Syrup, Sominex, and any other legally obtained, non-prescription medicine.
Other

For admission to a federally approved Opioid Treatment Program also referred to as an opioid full agonist treatment program, the primary substance must be Heroin, Buprenorphine, OxyContin, Non-Prescription Methadone, or Other Opiate/Synthetic.

ROUTE OF ADMINISTRATION
Enter the usual route of administration for each substance reported.

Inhalation
Injection
Oral
Smoking
Vaping
Other

FREQUENCY OF USE
Enter the frequency of the client’s use of the problem substance during the last 30 days for each substance reported.

No use in last 30 days
1-3 times in last 30 days
1-2 times per week
3-6 times per week
Daily

AGE OF FIRST USE
Enter the age at which each problem substance was first used (use two digits for ages 00-98). For drugs other than alcohol, enter the age of first use. For alcohol, enter the age of first intoxication. If unknown, please estimate the probable age of first use. Do not enter 99.

TREATMENT PLAN
Select Yes if Opioid medications such as methadone, buprenorphine, naltrexone or any other medication approved for the use of medication assisted opioid treatment are anticipated to be prescribed by this program for the treatment of the client’s addiction to an Opioid. Select No in all other instances.

SELF-HELP (Mutual Assistance)
**IS THE CLIENT CURRENTLY ATTENDING SUBSTANCE USE SELF-HELP GROUP MEETINGS (LAST 30 DAYS)?**

Indicate whether the client has reported attendance at least one substance use self-help or mutual assistance meeting during the 30 days prior to admission.

**NICOTINE**

**HAS THE CLIENT EVER USED NICOTINE?**

Indicate whether the client has ever smoked or chewed tobacco or vaped nicotine. If the response to this question is **No**, the remaining questions in this Nicotine section can be blank.

Enter **Yes** or **No**

**AGE OF FIRST USE**

Enter the age at which the client reports first using nicotine.

**FREQUENCY OF USE (LAST 30 DAYS)**

Enter the frequency of the client’s use of nicotine during the last 30 days.

- No use in last 30 days
- 1-3 times in last 30 days
- 1-2 times per week
- 3-6 times per week
- Daily

**DATE LAST USED: MONTH, YEAR**

Enter the date (month and year) that the client last used a nicotine product. This information is **not** required if the client has been in treatment for less than 30 days.

**PRIMARY ROUTE OF ADMINISTRATION**

Indicate whether the client usually smokes or chews tobacco or vapes nicotine. If the client reports using multiple routes equally, select **Smoking** if the client reports smoking as one of the routes. If smoking is not one of the identified routes, select **Vaping**.

If the client reports using a nicotine-free e-cigarette or other nicotine-free vaping device, do not report vaping in this section.

**PRIOR TREATMENT EPISODES**

Enter the number of prior substance use disorder treatment episodes in the client’s lifetime. If the number of prior treatment episodes is greater than 5, enter 5. Although this may result in inaccurate information for a few clients, limiting the highest number to 5 will prevent the vast majority of data entry errors for this item.

**PHYSICAL HEALTH-RELATED CONDITIONS**

Enter **Yes** or **No** for the physical health related conditions listed below.

*Impairment (Hearing, Mobility, Speech, Sight) refers to any condition which renders that body system diminished or less than fully functional. It is understood that many persons cope successfully with physical impairment. However, if the impairment does or has the potential to interfere with successful treatment within the system, it should*
be recorded as “Yes.”

Other Major Physical Health Conditions may include any condition not already noted, that requires regular health care, which may be a complicating factor in successful treatment of the client.

Pregnant (females only)
Hearing Impairment
Mobility Impairment
Sight Impairment
Speech Impairment
Acquired or Traumatic Brain Injury
Other Major Physical Health Condition

Enter Yes, No, or Unknown for the following health related conditions.
Asthma
Hypertension
Diabetes

HIV Status
Select Known to be Positive if the client has self-reported a positive status or your program has received records indicating a positive status.
Select Known to be Negative if the client has self-reported a negative status or your program has received records indicating a negative status.
Select Unknown if the client has NOT authorized consent to release this information by initialing the “HIV-AIDS Related” section of the Authorization for Release of Behavioral Health Information TRS-61 or if the client has not reported an HIV status and HIV status has not been indicated in history/client record.

Hepatitis B Status
Select Known to be Positive if the client has self-reported a positive status or your program has received records indicating a positive status.
Select Known to be Negative if the client has self-reported a negative status or your program has received records indicating a negative status.
Select Unknown if the client has not reported a status and status has not been indicated in history.

Hepatitis C Status
Select Known to be Positive if the client has self-reported a positive status or your program has received records indicating a positive status.
Select Known to be Negative if the client has self-reported a negative status or your program has received records indicating a negative status.
Select Unknown if the client has not reported a status and status has not been indicated in history.

Result of TB (Tuberculosis) Test
Select Known to be Positive if the client has self-reported a positive status or your program has received records indicating a positive status.
Select Known to be Negative if the client has self-reported a negative status or your
program has received records indicating a negative status.

Select **Unknown** if the client has not reported a status and status has not been indicated in history.

### MENTAL HEALTH-RELATED CONDITIONS

Enter **Yes** or **No** to each of the following:

**Intellectual Disability/Developmental Disability** Describes a group of disorders, acquired before the age of 22, the predominant feature of which is a disturbance in the acquisition of cognitive, language, motor or social skills. If available, the IQ is less than 70.

**Co-existing Psychiatric Disorder** Refers either to a diagnosis of mental illness which is available to the clinician at the time of admission by mental health screen, client report, significant other report, records, or by presenting symptoms which the clinician recognizes as possibly being symptomatic of mental illness. The recognition of symptoms does not constitute a diagnosis on the part of the clinician, but may indicate symptoms which need to be addressed in the treatment plan.

### HISTORY OF MENTAL HEALTH TREATMENT

Enter **Yes** or **No** to each of the following:

**Ever Treated for Mental Illness** Involves the planned intervention designed to relieve the distress and/or disability associated with mental illness.

**Ever Hospitalized for Mental Illness** Means the admission to some type of hospital or inpatient facility for the treatment of the distress and/or disability associated with mental illness. **If “Yes,” Ever Treated for Mental Illness must be “Yes.”**

**Ever Hospitalized 30 or More Days for Mental Illness** Means the admission to some type of hospital or inpatient facility for the treatment of the distress and/or disability associated with mental illness for 30 or more consecutive days. **If “Yes” is entered, the previous two items must be “Yes.”**

### THE FOLLOWING ITEMS RELATE TO THE SIX-MONTH PERIOD PRIOR TO THIS ADMISSION

**NUMBER OF DAYS IN INPATIENT DETOX**

Enter the number of days that the client spent in inpatient detoxification during the last six months.

**NUMBER OF EMERGENCY ROOM EPISODES FOR WHICH THE CLIENT RECEIVED TREATMENT**

Enter the number of separate incidences in which the client used emergency room services during the last six months.

**NUMBER OF DAYS THE CLIENT WAS HOSPITALIZED FOR NON-DETOX SERVICES**

Enter the number of days that the client spent in a hospital for other than detoxification services during the last six months.
IF HOSPITALIZED, PLEASE SPECIFY REASON: MEDICAL, PSYCHIATRIC, OR BOTH

GAMBLING

DID THE CLIENT SCREEN POSITIVE FOR A GAMBLING PROBLEM?
Using a formal gambling screening instrument, client report, significant other report or clinical records, indicate whether the client appears to have a gambling problem.

TRAUMA

Trauma results from an event, series of events, or set of circumstances experienced by an individual as physically or emotionally harmful or life-threatening with lasting adverse effects on the individual's functioning and/or mental, physical, social, emotional, or spiritual well-being.

Select Yes, No, Unknown, or Refused to Answer to the following questions based on client report, case records, or other reliable sources of information. If there is no information available, to complete the item, select Unknown. If the client refused to respond to inquiries on the topic, select Refused to Answer.

Client ever experience/witness trauma that impacts current life experience?
Client ever a victim of Domestic Violence/Intimate Partner Violence?
Client ever a perpetrator of Domestic Violence/Intimate Partner Violence?

ORIENTATION TO CHANGE – For use only by Residential Rehabilitation for Youth Programs or Other Program Types Participating in Special Projects with OASAS. If your program is participating in a Special Project with OASAS be sure to check with your OASAS Project Manager to verify if this item applies to your special project code.

Indicate the stage that best reflects the client’s stage of change at the time of admission:

**Ambivalent**
The client does not verbalize responsibility for any problems or harm the client has caused to self, others or property that resulted from their substance use or related behavior.

**Change Oriented**
The client actively verbalizes one or more problems or harmful consequences to self, others or property that result from their substance use or related behavior. The client has verbalized no plan, nor taken any action, to address these.

**Planning Change**
The client has formulated and verbalizes at least one strategy to reduce or discontinue alcohol/drug use, resolve related issues, or support a drug/alcohol free lifestyle. The client is presently taking no observable action to carry out this strategy.

**Active Early Recovery**
In accordance with their own planned strategies, the client is engaged in one or more observable action steps designed to reduce or discontinue alcohol/drug misuse, resolve related issues, or support a drug/alcohol free lifestyle. Thus far, no more than one action step has resulted in at least partial measurable goal achievement.

**Ongoing Recovery and Recurrence Prevention**
In accordance with their own planned strategies, the client is engaged in two or more observable action steps designed to discontinue alcohol/drug misuse, resolve related issues, or support a drug/alcohol free lifestyle. Thus far, at least two action steps have resulted in at least partial measurable goal achievement.

For Provider Use (Optional) Box
Some providers may elect to keep OASAS PAS reports signed by the clinician in the client’s file. This box may be used for that purpose and is not required by OASAS.
